

ALPINE VETERANS WALL of HONOR

Mission Honored – A Dream Achieved, the first book of stories from those on the Alpine Wall of Honor who gallantly served our country is available for purchase. This two-year process to gather stories of 84 men and women on the Wall details service experiences from the Revolutionary War to those serving today. The book includes an historic timeline of wars the U. S. participated in and documents each soldier's story for generations to come to read and be inspired.

The men and women who joined the armed services, put their lives on hold and risked everything, deserve our undying honor and respect.

Let us never forget and always remember to say “THANK YOU.”
